

# Session 3: Loops (continued)

C4E - Fundamentals

# Previously on C4E

- Conditional statements and loop practice
- While loop introduction

while

```
while (True) :  
    ...
```

← Infinite loop

while

```
while False:  
    ...
```

Never-executed loop  
(Useless loop)

while

```
count = 0
```

```
while count < 3:
```

```
    count += 1
```

Loop that runs  
3 times
